GERIMEDRISK

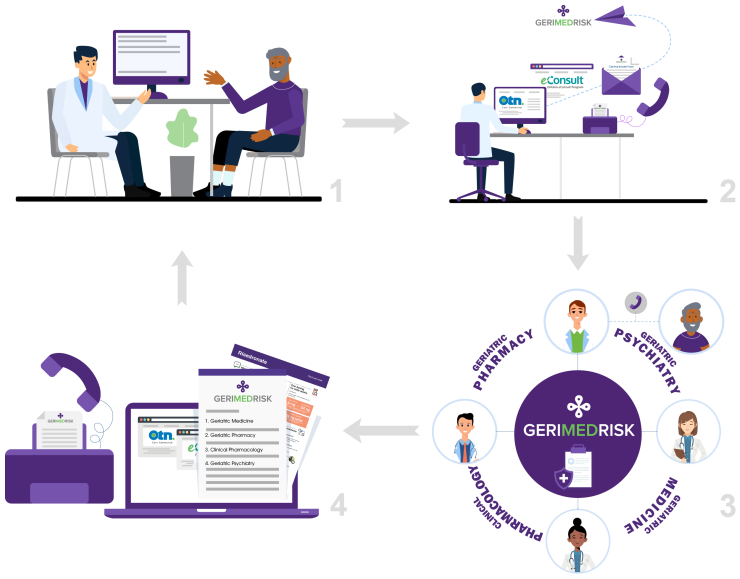

GeriMedRisk is a non-profit clinical and education service that connects Ontario clinicians with geriatric specialists to optimize medications, physical and mental health conditions in older adults.

GeriMedRisk provides virtual access to team of specialists from:
Geriatric Psychiatry | Clinical Pharmacology | Geriatric Pharmacy | Geriatric Medicine

Using eConsult, Ocean, fax, and phone, GeriMedRisk's specialist team provides patient specific consultations.

1. Prescriber (doctor, nurse practitioner, specialist) or allied health care professional* identifies medication, mental health or physical concern in their patient.
2. Consult is made to GeriMedRisk via central intake referral, eConsult, phone, or fax.
3. GeriMedRisk team reviews consult question, medical records, and conducts a best possible medication history with patient/ caregiver.
4. A single, integrated consult note and relevant educational materials are sent back to the provider.

*Includes pharmacists, nurses, physician assistants or other clinicians in partnership and with consent of the prescriber
